

The Food and Agriculture Organization of the United Nations (FAO) in Afghanistan plans to conduct a workshop during July 2019 on use and application of the United Nations Global Marketplace (UNGM) tool for vendors in Afghanistan.

The United Nations Global Marketplace - UNGM - is the common procurement portal of the United Nations system organizations. It brings together UN procurement staff and the vendor community. The United Nations represents a global market of over USD 17 billion annually for all types of products and services. The UNGM acts as a single window, through which potential suppliers may register with the UN organizations using the UNGM as their vendor database. The UNGM therefore provides an excellent springboard to introduce your products and services to many UN organizations, countries and regions by only completing one registration form.

The UNGM also enables vendors to keep abreast of upcoming tender notices. By subscribing to the Tender Alert Service, vendors can receive relevant business opportunities emailed directly. The UNGM facilitates the interchange of vendor information within the UN system, as information is made available to all UN organizations. The UNGM also acts as an important procurement tool to shortlist suppliers for competitive bidding.

To access the tenders of FAO, your Company needs to be fully registered in UNGM. Once the registration is completed, you will have access on the locating FAO solicitations, downloading of instructions and submitting a response.

You are hereby kindly requested, as one of the registered vendors with FAO, to confirm your availability to participate at the workshop planned to be organized. This should help you better understand how to register your company with the United Nations Global Marketplace and navigate through system. The workshop includes detailed presentation on UNGM tool, its use, and a practical exercise on registering with UNGM and other relevant information. In case your Company is willing to attend, please provide us the names and designations of the participant (one from each Company).

Please confirm your participation by close-of-business 25 June 2019 to the following email address: Abdul.Ahmady@fao.org. FAO will communicate the exact date of the workshop and its venue upon your reply accordingly not later than 5 July 2019.
